The California Historical Group (CHG) is a World War II Living History Association, which is a non-profit educational and historical society. We exist for the sole purpose of remembering and paying tribute to the combat soldier of W.W.II. We do this but reserving period artifacts, vehicles and researching their use, origins, and those that used them. Our club events consist of member staged battle reenactments and public displays, in effort to better educate the general public as well as ourselves on the daily rigors of the common soldier in W.W.II.

The CHG is non political organization and does not seek to influence the government or disseminate political propaganda of any kind. Membership is open to anyone with a strong interest in W.W.II history, and is not restricted on the basis of race, sex, religious preference, or handicap.
